

Research Committee Chair – Dr. Kate Requist

The Research Committee is a standing committee charged with the following tasks:

- advocating research in all units;
- advocating dissemination of research results within the University and to the academic community;
- advocating fairness and efficiency in proposal reviews and approval at the University level;
- providing faculty oversight for the University Institutional Review Board;
- advocating fairness and best practices concerning scholarly student research, such as graduate theses and dissertations, and undergraduate “capstone” projects;
- advocating recognition of faculty involved in research endeavors.
